

Candy Bar Wrapper Slide

I have these holding a Dove Candy Bar, but any narrow candy bar would work! I used one sheet of 6x6 Designer Paper, plus some scrap cardstock for trim and the tag!

Supplies:

Hostess Level 1 In Color 6x6 Designer Paper
2 x 6 Whisper White
Scraps for tag and trim
Scalloped Edge Punch
Crop A Dile
Ribbon
Scoring Tool

Options for decorating:

Cupcake Punch
Decorative Label Punch
Wide Oval Punch
Word Window punch
Bring on the Cake greeting
Concord Crush Classic Ink

Step 1

Choose Designer Paper. I used the Hostess Level 1 In Color Patterns in Concord Crush. One 6x6 for base and I cut the second one for the trim.

	<p>Step 2</p> <p>Score one end of base 6x6 at 1-1/2". Cut strip of second paper for trim. Adhere to edge of flap.</p>
	<p>Step 3</p> <p>Trim 2 x 6 Whisper White with Scallop Edge Punch and adhere under flap for extra reinforcement.</p>
	<p>Step 4</p> <p>Photo with trim piece and scallop edge added.</p>
	<p>Step 5</p> <p>Roll bottom of Designer Paper up so that bottom touches score line on the inside of the roll. Do NOT crease the bottom.</p>

Step 6

While holding securely, use Crop a Dile to punch two holes for ribbon.

Step 7

Place ribbon thru holes and tie, add tag if desired.

I punched the Decorative Label from Blushing Bride. I added the Cupcake Punch from Blushing Bride and Concord Crush Designer Papers to a Wide Oval Punch of Whisper White and added a Rhinestone Jewel to the top of the cupcake. I punched a hole at the top with the Crop a Dile.

I stamped Spoil Yourself Today from Bring on the Cake stamp set in Concord Crush Classic Ink on Whisper White and punched with the Word Window Punch.
